

CRYBABY

DCR-1FC RACK FOOT CONTROLLER

DESCRIPTION

- The companion foot pedal for the DCR-1SR Crybaby Rack Module
- Pedal position modulates the wah effect selected at the rack
- Use four pedals on the same channel, accessed from anywhere!

POWER

Single 9 volt alkaline battery powers LED's ONLY. Pedal continues to operate with absent or dead battery

CONTROLS

- Pedal sweeps the wah effect, which has been pre-assigned at the rack module
- Effect On/Bypass switch at toe-down position of pedal travel
- Tandem LED's indicate Pedal Selected and Effect Active (simultaneously)
