

HOW DOES IT WORK?

Volume - Controls the output volume. Noon is approximately unity, while to the left of that attenuates and to the right boosts the volume.

Treble - A straightforward treble control: To the right boosts treble; to the left cuts.

Bass - A straightforward bass control: To the right boosts bass; to the left cuts.

POWER REQUIREMENTS

9V Center Negative - Using anything else will ruin your pedal and void the warranty. Consumes 47mA.

WARRANTY

All Westminster Effects carry a limited lifetime warranty for pedals sold within the United States and a one-year warranty for pedals sold internationally, for workmanship and components. The warranty does not cover misuse or damage due to accidents. Tampering with components such as trimpots voids the warranty.
