Warranty Information

This product is warranted against failures due to defective parts or faulty workmanship for a period of 1 year after delivery to the original owner. During this 1 year period, we, XOTIC EFFECTS will make necessary repairs without charge for parts and labor. However, shipping charges to and from the repair location must be paid by the owner.

- * This warranty applies only to the original owner and is not transferable.
- * This warranty does not cover damage to the product as a result from accident or misuse.
- * This warranty will be cancelled at the sole discretion of us if the product has;
 1. Any signs of tampering, unauthorized service, or modifications.
 2. Any damage resulting from physical abuse or failure to follow operating warning.

Please contact us via online form below prior to returning the unit to us for repair.

Note: For international customer, if you purchased the unit from a dealer in your country, please consult with the dealer before returning. You are responsible for all freight charges including custom duties. Also, check with your local Customs Authority and register the merchandise before sending it to the United States for repair. Every country's Customs Authority has a different procedure and documentation for repairs, so it is important that you check before you ship the unit back to us. This is important to avoid unnecessary custom duties.

Congratulations on your purchase! Xotic's infamous RC Booster has been renewed! The RCB-V2, inspired by the Scott Henderson RCB-SH model, now comes with an added gain channel for even fatter tones with a super transparent 20dB+ clean boost. The adjustable +15dB two band active EQ allows players to dial in their sound with pinpoint accuracy and adds a HUGE range of harmonic content to the player's overall sound. Because this pedal is so transparent, many players find that they will leave it on at all times! True Bypass for eliminating any signal interference when switched off.
